

# Interclamp® Assist

**Designed to help compliance with DDA Disability Discrimination Act and the Building Regulations Part M:2004**

- **Quick cost-effective assembly by hexagon key: unlike many brands, no riveting, drilling of tube, welding, threading or special tools required**
- **Unlike some products, no other special fittings required. Full integration with standard Interclamp range**
- **Smooth flush fitting on C42 tube (42.4mm od x 3.2mm)**
- **Easy accommodation of steps & disabled access slopes**
- **Tubes may be powder coated in BS or RAL colours to help meet “not cold to the touch” and contrasting colour requirements**
- **Galvanised finish to BS EN ISO 1461. Cut tube ends to be treated with Interclamp Silver Galvanising Spray (390)**
- **Patent Applied For**

## 723-C42
